Hi HED,

This week's noteworthy act goes to Winston Arceo for his implementation and continued coordination of the SharePoint training calendar for the HED University. Winston worked with the management team to test the new calendar system, develop materials for staff to demonstrate using the system, and worked closely with the SAC co-chairs and leads to implement it on the HED Training Sharepoint Calendar. In addition, he did a significant amount of trouble-shooting, working with ITRMD and staff from other divisions (BPPD, AD, FEAD and PRD) to ensure they would have access to the training sessions. Winston's efforts were essential for kicking off the "fall semester" of the new training program!

Please join me in welcoming Jorrell Fredericks to HED!! Jorrell recently joined RAB2 and will be working as a toxicologist. Look for his bio in the HED weekly report. Welcome to Jorrell!!!

Please see the attachment for HED Pets of the Week!
